An extra course in CERAMICS has been scheduled to meet Tuesday and Thursday evenings . This is designed for both the many beginners and the amateur potters who wish to study with Ernie Kim. A VERY SPECIAL GROUP OF COURSES IN PHOTOGRAPHY

A COURSE FOR STUDENTS AND NON-PROFESSIONALS will be conducted by Clyde Childress, staff photographer for Sunset Magazine, Tuesday and Thursday evenings during the 1st Session. Mr. Childress has had a broad experience in both publication and fine arts photography. His class will be devoted to an analysis of how to "get the picture you have in mind" onto paper. Or as he states, "it will be a study of the differences between the mind-image and the camera-image and of the techniques and knowledge needed to reconcile the two."..... $28

During the 2nd Session, John Collier, world-famous journalistic and documentary photographer, will conduct a workshop in PHOTOGRAPHY FOR HIGH SCHOOL JUNIORS AND SENIORS. Mr. Collier is particularly interested in the growing group of young people who are interested in fine photography either as a leisure time occupation or as a profession. The workshop will meet Monday through Friday in the morning and will include a comprehensive study of camera techniques and creative thinking through photography. A special low tuition charge has been set for this workshop (which is equal to a 2-unit course regularly $56)..... $30

A MINOR WHITE WORKSHOP-SEMINAR. We are happy to announce that Minor White will again be on the West Coast and will conduct one of his famous workshops August 22-23-24. Mr. White, one of the world's outstanding photographers and editor of Eastman Kodak's **Aperture**, conducted such a seminar at C. S. F. A. in 1956. There have been many inquiries about another since that time. Get in your application form early for this. Lectures, class discussions and private interviews are scheduled..... $25

CHILDREN'S CLASS

We had not planned a children's class this summer, but so many mothers have telephoned hopefully, that we've asked Lois Fiscus to again conduct her COURSE FOR YOUNGSTERS FROM 7 TO 14 YEARS OF AGE. Mrs. Fiscus is an expert in child art education as well as being an outstanding artist and illustrator. She teaches children to really see the world and to interpret it visually.
